

Housing360 ↔ UTAMACS Feature Comparison & Gap Analysis

Date: 2026-05-07

Purpose: Exhaustive page-to-page, field-to-field comparison between Housing360 (Admin Manual + App Brochure) and the UTAMACS portal as built. Use this to decide what to adopt, adapt, or drop.

Scope: Excludes all AI features (deferred to backlog).

Convention:  Present |  Partial / Different |  Missing |  UTAMACS-only

1. Authentication & Onboarding

1.1 Login

Field / Behaviour	Housing360	UTAMACS	Gap
Login method	Mobile number + OTP	Email + Password	
OTP channel	SMS	—	
Remember me / session			—

Field / Behaviour	Housing360	UTAMACS	Gap
Forgot password	✔	✔	—
Role-based redirect after login	✔ (Admin / Member / Guard / Facility Manager)	✔ (Executive / Member / Guard)	✔
Biometric / Face ID (mobile)	✔	N/A (web)	—

Gap: UTAMACS uses email+password (Supabase auth). Housing360 uses mobile OTP, which residents prefer. Adding OTP as a secondary login method would reduce friction.

Recommendation: Add **mobile number + OTP login** as an alternative to email/password using Supabase Phone Auth. Keep email/password for admin accounts.

1.2 Unit Registration / Onboarding Requests

Flow	Housing360	UTAMACS	Gap
Owner self-registers unit	Unit Request (pending admin approval)	Admin-created via Members module	✗
Tenant self-registers	Tenant Request (separate queue)	Admin-created via Members module	✗
Secondary / family member adds self	Secondary User Request (owner approves)	Admin-controlled RBAC only	✗
Approval workflow visible to requestor	✔ (status shown in app)	✗	✗
Admin queue for pending registrations	✔ distinct queue	Not a separate queue	✗
Upload docs at registration (Aadhaar / Agreement)	✔	✗	✗

Gap: UTAMACS currently requires an executive to manually create all users. Housing360 flips this: residents apply, admins approve. This reduces executive workload and is critical for self-service.

Recommendation: Implement a **Self-Registration Portal** with three flows:

- Owner Registration Request (flat no. + ID proof upload)
- Tenant Registration Request (lease period + owner confirmation)
- Family Member Secondary User Request (approved by primary owner) All three feed an **Onboarding Queue** page in the admin panel.

2. Dashboard

2.1 Admin Dashboard

Widget / Data Point	Housing360	UTAMACS	Gap
Date range filter (Today / Week / Month / Custom)	✓	✗	✗
Total collection amount (period)	✓	✓ (all-time)	⚠
Collection pie chart by category	✓	✗	✗
Month-wise collection bar chart	✓	✗	✗
Pending dues count	✓	✓	✓
Total registered units	✓	✓	✓
Occupied vs vacant units	✓	✗	✗
Facility bookings today	✓	✗	✗
Open complaints count	✓	✓	✓
Visitor count today	✓	✗	✗
Staff present today	✓	✗ (attendance exists but not on dashboard)	⚠
Announcements quick-post	✓	✗	✗

2.2 Member Dashboard

Widget	Housing360	UTAMACS	Gap
My dues / outstanding	✓	✓	✓
My complaints status	✓	✓	✓
My bookings upcoming	✓	✗	✗
My visitors today	✓	✗	⚠
Community board preview	✓	✓	✓
Latest notice	✓	✓	✓
Quick links row	✓	✓ (partial)	⚠

Recommendation:

- Add **date-range picker** to the Executive Dashboard with collection summary re-fetched for the period.
- Add **Collection by Category pie chart** (Maintenance / Utility / Sinking Fund / Other).
- Add **Occupied vs Vacant** unit card (derive from member status flags).
- Add **"Upcoming Bookings"** card to Member Dashboard.
- Add **Visitor Today** count card to both dashboards.

3. Masters / Configuration

3.1 Society Structure (Wings & Gates)

Master	Housing360	UTAMACS	Gap
Wings setup (Block A, B, C...)	✓ distinct master	Units have a block field	⚠
Floors per wing	✓ configurable	Not explicit	⚠
Flat types per wing	✓ (1BHK, 2BHK...)	Unit type field	⚠
Gates / Entry points master	✓ distinct master	Fixed: Main Gate	✗
Gate assignment to security guard	✓	✗	✗
Bulk import units via CSV	✓	✗	✗
Bulk import parking via CSV	✓	✗	✗

Gap: UTAMACS has flat/block data but no Wings master or Gates master. Gates management is critical for multi-gate communities and guard assignment.

Recommendation:

- Add **Gates Master** under Admin > Masters. Fields: Gate Name, Gate Type (Entry/Exit/Both), Active/Inactive.
- Add **Gate ↔ Guard Assignment** so guards only see visitors at their assigned gate.
- Add **CSV bulk import** for unit and parking slot seeding (one-time setup convenience).

3.2 Receivable Categories

Field	Housing360	UTAMACS	Gap
Category name	✓	✓	✓
Sub-category name	✓	✗	✗
Sub-category type (Fixed / Variable / Per Sqft / Per Unit)	✓	✗	✗
Frequency (Monthly / Quarterly / Annually / One-time)	✓	✓ (billing period)	⚠
Late Fee Type (Fixed / Percentage)	✓	✗	✗
Late Fee Amount / Rate	✓	✗	✗
Late Fee Frequency (One-time / Monthly)	✓	✗	✗
Grace period (days)	✓	✗	✗
Waiver type (Full / Partial / None)	✓	✗	✗
HSN / SAC code	✓	✗	✗
Apply to specific wings	✓	✗	✗

Gap: UTAMACS finance has billing periods and flat-rate dues but lacks the full receivable configuration model (sub-categories, late fees, grace periods, waivers).

Recommendation: Extend **Admin > Finance Configuration** with:

- **Receivable Sub-Categories** table with type, frequency, and calculation basis.
- **Late Fee Rules** section: type (Fixed/%), amount, frequency, grace days.
- **Waiver management** per member/category.

4. Members & Units

4.1 Unit / Member Record

Field	Housing360	UTAMACS	Gap
Flat number	✓	✓	✓
Wing / Block	✓	✓	✓
Floor	✓	✗	✗
Flat area (sqft)	✓	✗	✗
Flat type (1BHK / 2BHK...)	✓	✓	✓
Owner name	✓	✓	✓
Owner mobile	✓	✓	✓
Owner email	✓	✓	✓
Owner Aadhaar number	✓	✗	✗
Owner Voter ID	✓	✗	✗
Tenant name	✓	✓	✓
Tenant mobile	✓	✓	✓
Tenant email	✓	✓	✓
Lease start / end date	✓	✗	✗
Lease document upload	✓	✗	✗
Occupancy status (Owner-Occupied / Tenant / Vacant)	✓	Implied by member role	⚠
Number of occupants	✓	✗	✗
Vehicle details (per unit)	✓	Separate parking module	⚠
Move-in date	✓	✗	✗
Move-out date	✓	✗	✗
NRI flag	✓	✗	✗
Emergency contact	✓	✗	✗

Field	Housing360	UTAMACS	Gap
Profile photo	✓	✗	✗

Recommendation:

- Add **Floor, Area (sqft), Occupancy Status, Move-in/out dates, Lease dates** to the Unit record.
- Add **Emergency Contact** field to profile.
- Add **Lease Document upload** (PDF) — store in Supabase Storage.
- **NRI flag** useful for TDS applicability — link to TDS module.
- **Flat area** enables per-sqft billing calculations.

4.2 Member Directory (Admin View)

Feature	Housing360	UTAMACS	Gap
Filter by wing	✓	✗	✗
Filter by occupancy status	✓	✗	✗
Filter by tenancy expiry (< 30 days)	✓	✗	✗
Export member list CSV	✓	✗	✗
Bulk SMS / push notification to filtered set	✓	✗	✗
Member detail view (all sub-sections)	✓	✓	✓
Edit member inline	✓	✓	✓
Deactivate / archive member	✓	✓	✓

Recommendation:

- Add **Wing filter** and **Occupancy Status filter** to Member Directory.
- Add **CSV export** of member list.
- Add **"Tenancy expiring soon"** alert card on Executive Dashboard.

5. Notices, Announcements & Policies

5.1 Notices (UTAMACS) vs Announcements (Housing360)

Field / Feature	Housing360 Announcements	UTAMACS Notices	Gap
Title	✓	✓	✓
Body text	✓	✓	✓
Category / type	✓	✓	✓
Attach image	✓	✗	✗

Field / Feature	Housing360 Announcements	UTAMACS Notices	Gap
Attach PDF document	✓	✗	✗
Attach video (upload)	✓	✗	✗
Link YouTube video	✓	✗	✗
Push notification on publish	✓	✗ (email only)	⚠
Target by wing	✓	✗	✗
Acknowledgement required flag	✓	✓	✓
Acknowledgement tracker (who/when)	✓	✓	✓
Publish scheduled date	✓	✗	✗
Expiry date	✓	✗	✗
Priority / pinned flag	✓	✗	✗
Member view: unread badge	✓	✓	✓

5.2 Policies (Housing360 exclusive module)

Field / Feature	Housing360	UTAMACS	Gap
Policies as distinct module	✓	✗ (merged into Documents)	✗
Policy type (Text / PDF / Video)	✓	✗	✗
Policy version number	✓	✗	✗
Policy effective date	✓	✗	✗
Acknowledgement per policy	✓	✗	✗
Member must accept before portal access	✓	✗ (DPDPA consent only)	⚠

Recommendation:

- Add **file/image attachment** support to Notices (store in Supabase Storage).
- Add **Scheduled publish** and **Expiry date** to notices.
- Add **Wing-targeted** notices.
- Add **Pinned / Priority** flag (pinned notices appear at top).
- Elevate **Policies** from Documents into a dedicated module with version history and mandatory-acknowledgement-before-portal-access gate.

6. Finance & Receivables

6.1 Invoice / Demand Note Generation

Feature	Housing360	UTAMACS	Gap
Generate invoice for all units	✓	✓ (billing period)	✓
Generate invoice for specific wing	✓	✗	✗
Generate invoice for selected units only	✓	✗	✗
Receivable sub-categories on invoice	✓ (line items)	✗ (single amount)	✗
Late fee auto-added to overdue invoices	✓	✗	✗
Invoice number auto-generation	✓	✗	✗
Invoice PDF download (member)	✓	✗	✗
Payment gateway link in invoice	✓	✗	✗
Mark as paid (admin manual)	✓	✓	✓
Partial payment recording	✓	✗	✗
Payment mode (Cash / UPI / Cheque / NEFT)	✓	✓	✓
Payment reference / UTR capture	✓	✓	✓
Receipt PDF generation	✓	✗	✗
Due date per invoice	✓	Per billing period	⚠
Advance payment credit	✓	✗	✗

6.2 Collection Reports

Report	Housing360	UTAMACS	Gap
Total Collection by period	✓	✓ (basic)	⚠
Collection by receivable category	✓	✗	✗
Member-wise collection history	✓	✓	✓
Pending dues list	✓	✓	✓
Month-wise trend chart	✓	✗	✗
Wing-wise collection summary	✓	✗	✗

Recommendation (phased):

- **Phase 1:** Add **invoice number**, **due date**, **invoice PDF download**, and **receipt PDF generation**.
- **Phase 2:** Add **line-item billing** (multiple receivable sub-categories per invoice).
- **Phase 3:** Add **late fee auto-calculation** based on grace period rules.
- **Phase 4:** Add **partial payments** and **advance credit** ledger.
- Add **Wing-wise generation** filter to billing period creation.
- Add **month-wise collection chart** to Executive Dashboard.

6.3 Refunds (Housing360 exclusive)

Feature	Housing360	UTAMACS	Gap
Refund Rules per service type	✓	✗	✗
Refund Rule: cancellation window (hours)	✓	✗	✗
Refund Rule: refund %	✓	✗	✗
Refund Request by member	✓	✗	✗
Admin approve / reject refund	✓	✗	✗
Refund via payment gateway reversal	✓	✗	✗
Refund via manual bank transfer	✓	✗	✗
Refund status tracking	✓	✗	✗

Recommendation: Once payment gateway is integrated, implement **Refund Rules** (configurable % within cancellation window) and a **Refund Requests** queue for facility booking cancellations. Start with manual bank transfer; PG reversal is a later enhancement.

7. Complaints & Service Requests

7.1 Complaint Record

Field	Housing360	UTAMACS	Gap
Complaint title	✓	✓	✓
Description	✓	✓	✓
Category	✓	✓	✓
Sub-category	✓	✗	✗
Priority (Low / Medium / High / Critical)	✓	✓	✓
Photo attachment	✓	✗	✗
Video attachment	✓	✗	✗
Assign to staff member	✓	✓ (assignee)	✓
Expected resolution date	✓	✗	✗
Resolution notes	✓	✓	✓
Member satisfaction rating (post-close)	✓	✗	✗
SLA breach indicator	✓	✗	✗
Work order auto-created on assignment	✓	✓	✓
Comment thread	✓	✓	✓

Field	Housing360	UTAMACS	Gap
Status history log	✓	✓	✓

Recommendation:

- Add **Sub-category** dropdown (e.g., Electrical > Short circuit / Power fluctuation).
- Add **Photo/Video attachment** on complaint creation and resolution.
- Add **Expected resolution date** and **SLA breach** visual indicator (overdue badge).
- Add **Post-resolution satisfaction rating** (1–5 stars) sent to resident when complaint is closed.

8. Facility Booking

8.1 Facility Configuration (Admin)

Field	Housing360	UTAMACS	Gap
Facility name	✓	✓	✓
Facility type	✓	✓	✓
Description	✓	✓	✓
Photo(s)	✓	✗	✗
Capacity (total)	✓	✓	✓
Guest types (Child / Adult / Senior)	✓	✗	✗
Quota per guest type	✓	✗	✗
Fee per guest type	✓	✗	✗
Time slots configuration	✓	✓	✓
Advance booking days	✓	✓	✓
Cancellation window	✓	✗	✗
Refund rule linkage	✓	✗	✗
Buffer time between slots	✓	✗	✗
Maintenance block dates	✓	✗	✗

8.2 Booking Workflow

Feature	Housing360	UTAMACS	Gap
Guest count entry at booking	✓ (per type)	✗	✗
Total fee auto-calculated	✓	✓ (flat fee)	⚠
Availability calendar view	✓	✓	✓
Booking approval by admin	✓	✓	✓

Feature	Housing360	UTAMACS	Gap
Payment before confirmation	✓ (PG link)	✗	✗
Auto-cancellation if unpaid	✓	✗	✗
QR code for entry verification	✓	✗	✗
Booking history per member	✓	✓	✓
Recurring booking	✓	✗	✗

8.3 Availability Report

Feature	Housing360	UTAMACS	Gap
Date-range availability report	✓	✗	✗
Occupancy % per facility	✓	✗	✗
Revenue per facility (period)	✓	✗	✗

Recommendation:

- Add **guest type configuration** to facility setup (Adult / Child / Senior Citizen with per-type quota and rate).
- Add **cancellation window** and link to Refund Rules.
- Add **buffer time** between slots.
- Add **maintenance block** date picker.
- Add **Availability Report** — date range, facility-wise occupancy %.

9. Visitor Management

9.1 Visitor Types

Housing360 provides a rich **pre-defined visitor type list** that categorises entries for analytics. UTAMACS has a generic visitor type field.

Visitor Type	Housing360	UTAMACS	Gap
Guest	✓	✓	✓
Delivery Person	✓	✓	✓
Maid	✓	⚠ (separate module)	⚠
Driver	✓	✗	✗
Doctor	✓	✗	✗
Car Cleaner	✓	✗	✗
Milkman	✓	✗	✗

Visitor Type	Housing360	UTAMACS	Gap
Nanny	✓	✗	✗
Paperboy	✓	✗	✗
Plumber / Electrician / Repair (categorised)	✓	✗	✗
Tuition Teacher	✓	✗	✗
Dance / Karate / Sports Instructor	✓	✗	✗
Cable TV Repair	✓	✗	✗

9.2 Visitor Record Fields

Field	Housing360	UTAMACS	Gap
Visitor name	✓	✓	✓
Mobile number	✓	✓	✓
Visitor type	✓	✓ (basic)	⚠
Vehicle number	✓	✓	✓
Photo capture (guard camera)	✓	✗	✗
Aadhaar / ID scan	✓	✗	✗
Expected flat (unit)	✓	✓	✓
Member pre-approval (invite)	✓	✓	✓
OTP for pre-approved visitor	✓	✗	✗
Entry timestamp	✓	✓	✓
Exit timestamp	✓	✓	✓
Purpose of visit	✓	✓	✓
Gate used	✓	✗ (single gate)	⚠
Delivery item description	✓	✓	✓
Delivery collected by	✓	✓	✓
Filter by visitor type	✓	✗	✗
Filter by date range	✓	✓	✓
Filter by unit	✓	✓	✓
Export visitor log CSV	✓	✗	✗

Recommendation:

- Expand visitor type list to the full Housing360 set — this is a configuration/dropdown change.

- Add **Gate filter** once Gates master is implemented.
- Add **Visitor type filter** to the visitor log.
- Add **CSV export** of visitor log.
- Add **OTP for pre-approved visitor** (member shares a 4-digit OTP; guard verifies before allowing entry).
- **Photo capture** is a mobile/camera feature — mark as progressive enhancement for mobile browsers.

10. Parking

10.1 Parking Slot Record

Field	Housing360	UTAMACS	Gap
Slot number	✓	✓	✓
Slot type (2-Wheeler / 4-Wheeler / EV)	✓	✓	✓
Level / Floor	✓	✗	✗
Block / Wing	✓	✗	✗
Assigned to unit	✓	✓	✓
Vehicle number	✓	✓	✓
Vehicle make / model	✓	✗	✗
Vehicle colour	✓	✗	✗
RC / Insurance document upload	✓	✗	✗
Monthly fee for slot	✓	✗	✗
Slot status (Available / Assigned / Reserved)	✓	✓	✓
Waitlist for desired slot type	✓	✓	✓
Transfer slot between units	✓	✗	✗

Recommendation:

- Add **Level/Floor** and **Block** to parking slot record.
- Add **Vehicle make, model, colour** fields.
- Add **RC document upload**.
- Add **Monthly parking fee** field (ties into receivable sub-categories).
- Add **Slot transfer** workflow (relinquish → reassign).

11. Staff & Maid Management

11.1 Staff (Society-Employed)

Feature	Housing360	UTAMACS	Gap
Staff profile (name, role, mobile)	✓	✓	✓
Aadhaar / ID document	✓	✗	✗
Photo	✓	✗	✗
Attendance tracking	✓	✓	✓
Shift assignment	✓	✗	✗
Gate assignment (guards)	✓	✗	✗
Leave requests	✓	✗	✗
Salary / payroll (basic)	✓	✗ (TDS tracking exists)	⚠

11.2 Maid / Domestic Help Tracking (Housing360 exclusive)

This is a **standalone module** in Housing360 with no equivalent in UTAMACS.

Field	Housing360	UTAMACS	Gap
Maid name	✓	✗	✗
Mobile number	✓	✗	✗
Photo	✓	✗	✗
Aadhaar number + upload	✓	✗	✗
Voter ID + upload	✓	✗	✗
Linked flats (serves multiple units)	✓	✗	✗
Entry / exit time per day	✓	✗	✗
Approval by flat owner before access	✓	✗	✗
Blocked / suspended flag	✓	✗	✗
Maid list visible to security guard	✓	✗	✗
Maid list visible to member (their own)	✓	✗	✗
Background check document	✓	✗	✗

Recommendation: Implement a **Domestic Help / Maid Registry** module:

- Member registers their maids with photo + Aadhaar.
- Guard sees the maid's photo and approved flats at the gate.
- Maid entry/exit tracked like a visitor with a known-person shortcut.
- Admin can flag a maid as suspended (blocked from all flats).
- This is a high-value safety feature for residents; implement with UTAMACS flavor emphasising resident privacy and data minimisation (DPDPA compliant).

12. Media Gallery

Housing360 has a full **Media Gallery module** as a top-level navigation item. UTAMACS has no equivalent.

Feature	Housing360	UTAMACS	Gap
Photo albums	✓	✗	✗
Video uploads	✓	✗	✗
PDF documents in gallery	✓	Documents module (not gallery)	⚠
YouTube links	✓	✗	✗
Album title + description	✓	✗	✗
Cover photo per album	✓	✗	✗
Published date	✓	✗	✗
Admin-only upload	✓	—	—
Member view (read-only)	✓	—	—
Gallery on public website	✓	✗	✗

Recommendation: Create a **Photo Gallery** module (simpler than Housing360's full media gallery):

- Admin creates albums (Diwali Celebration 2024, AGM 2025, etc.).
- Photos uploaded to Supabase Storage.
- Member view: masonry or grid layout, lightbox on click.
- **Public website gallery** page (currently missing entirely on utamacs.org).
- Defer video uploads; start with photos only. YouTube embed links can be added as a second step.

13. Community & Marketplace

13.1 Community Board

Feature	Housing360	UTAMACS	Gap
Post text content	✓	✓	✓
Post image	✓	✗	✗
Post category	✓	✓	✓
Reactions (like / etc.)	✓	✓	✓
Comment thread	✓	✓	✓
Pin post (admin)	✓	✗	✗
Report / flag post	✓	✗	✗
Admin moderation queue	✓	✗	✗

13.2 Marketplace

Feature	Housing360	UTAMACS	Gap
List item for sale / rent	✓	✓	✓
Category (Furniture / Electronics...)	✓	✓	✓
Price field	✓	✓	✓
Photos of item	✓	✗	✗
Contact seller via in-app message	✓	✗	✗
Mark as sold	✓	✓	✓
Admin moderation / remove listing	✓	✗	✗
Expiry date on listing	✓	✗	✗

Recommendation:

- Add **image attachment** to Community Board posts and Marketplace listings.
- Add **Pin post** (executive privilege).
- Add **Report post** button for members → feeds a moderation queue.
- Add **Listing expiry** (auto-archive after 30/60 days).
- Add **Admin moderation queue** in admin panel.

14. Documents & Downloads

14.1 Document Library

Feature	Housing360	UTAMACS	Gap
Upload document (PDF)	✓	✓	✓
Category tagging	✓	✓	✓
Access control (All / Members / Executive)	✓	✓	✓
Version history	✓	✗	✗
Download count tracking	✓	✗	✗
Expiry date	✓	✗	✗
Mandatory read acknowledgement	✓ (Policy type)	✗	✗
Search by title / keyword	✓	✗	✗

Recommendation:

- Add **Search** to document library.
- Add **Version history** (upload new version, retain old ones).
- Add **Download count** tracking.

- Split **Policies** into a separate module with acknowledgement gating.

15. Polls & Voting

15.1 Poll Record

Field	Housing360	UTAMACS	Gap
Question	✓	✓	✓
Options (multiple)	✓	✓	✓
Poll type (Single choice / Multiple choice)	✓	✓	✓
Anonymous voting	✓	✓	✓
Open / Close date	✓	✓	✓
Target audience (all / wing / flat type)	✓	✗	✗
Quorum requirement	✓	✗	✗
Results visible before close	✓ (configurable)	✗	✗
PDF result export	✓	✗	✗
Attach document to poll	✓	✗	✗

Recommendation:

- Add **Quorum** field (minimum % participation required for result to be valid).
- Add **Target audience** (all / specific wing) to polls.
- Add **Results visibility** toggle (hidden until close vs. live tally).
- Add **PDF result export** (useful for AGM minutes).
- Add **Attach document** to poll (e.g., budget proposal PDF linked to the vote).

16. Events

16.1 Event Record

Field	Housing360	UTAMACS	Gap
Event title	✓	✓	✓
Description	✓	✓	✓
Date / Time	✓	✓	✓
Venue	✓	✓	✓
Banner image	✓	✗	✗
RSVP / Registration	✓	✓	✓

Field	Housing360	UTAMACS	Gap
Max attendees	✓	✓	✓
Waitlist	✓	✓	✓
Guest allowed (non-residents)	✓	✗	✗
Fee for event (paid event)	✓	✗	✗
Event photo gallery post-event	✓	✗	✗
Attendance marking (day-of)	✓	✗	✗
Certificate of participation	✓	✗	✗

Recommendation:

- Add **Banner image** upload to events.
- Add **Guest allowed** flag (resident can bring +N guests).
- Add **Paid event** support with fee collection.
- Add **Post-event photo gallery** link (connects to Gallery module).
- Add **Day-of attendance marking** by executive.

17. Reports

Housing360 has a dedicated **Reports** section. UTAMACS has finance reporting embedded within the Finance module.

Report	Housing360	UTAMACS	Gap
Service Bookings Report	✓	✗	✗
Member-wise Booking Report	✓	✗	✗
Total Collection Report (period)	✓	✓ (basic)	⚠
Receivable Collection Report	✓	⚠ (dues list)	⚠
Status History Report (complaints)	✓	✗	✗
Tenants Expiration Report	✓	✗	✗
Availability Report (facilities)	✓	✗	✗
Visitor Log Report	✓	✗	✗
Staff Attendance Report	✓	✓	✓
Member Directory Export	✓	✗	✗

Recommendation: Create a **Reports Hub** page (Executive/Admin only) with:

1. Collection Report — date range, category breakdown, CSV + PDF
2. Pending Dues Report — by wing / unit / overdue days

3. Complaints Resolution Report — category, avg. resolution time, SLA breach %
4. Facility Utilisation Report — bookings, occupancy %, revenue
5. Visitor Log Report — date range, type filter, CSV
6. Tenant Expiry Report — leases expiring in next 30/60/90 days
7. Member Directory Export — CSV with all fields

18. Feedbacks Module (Housing360 exclusive)

Feature	Housing360	UTAMACS	Gap
Resident submits feedback (free text)	✓	✗	✗
Category (Maintenance / Staff / Cleanliness / Other)	✓	✗	✗
Rating (1–5 stars)	✓	✗	✗
Admin views all feedback	✓	✗	✗
Admin responds to feedback	✓	✗	✗
Export feedback CSV	✓	✗	✗
Anonymous submission option	✓	✗	✗

Recommendation: Add a **Feedback** module (separate from Complaints — complaints are issue-tracking, feedback is satisfaction input):

- Member submits star rating + optional text per category.
- Executive sees aggregate ratings on dashboard and individual submissions.
- Monthly email digest of feedback trends to the committee.
- Anonymous option (member's identity hidden from list, but recorded for DPDPA audit log).

19. Admin / Settings

19.1 Configuration Parity

Setting	Housing360	UTAMACS	Gap
Society profile (name, address, logo)	✓	✗	✗
Email / SMS notification templates	✓	✓ (email drafts)	⚠
Push notification settings	✓	✗	✗
Feature flags (enable/disable modules)	✓	✓	✓
RBAC permission matrix	✓	✓	✓
Audit log	✓	✓	✓
Data export (full society data)	✓	✗	✗
Holiday calendar (for SLA exclusions)	✓	✗	✗

Setting	Housing360	UTAMACS	Gap
WhatsApp integration settings	✓	✗	✗

Recommendation:

- Add **Society Profile** page in admin (name, address, registration number, logo, contact email). Currently this is hardcoded in HTML.
- Add **Full Data Export** — DPDPA compliance requires residents to be able to request their data.
- Add **Holiday Calendar** — future SLA feature dependency.
- WhatsApp integration: flag for later phase.

20. UTAMACS-Only Features

These are UTAMACS strengths that Housing360 does not have. Preserve and strengthen.

Feature	UTAMACS	Notes
 HOTO Tracker	✓ Dual-approval (Secretary + President)	Critical for cooperative handover governance
 Snag / Defect Tracker	✓ Builder defects with photo evidence	Unique to UTAMACS's construction phase context
 DPDPA 2023 Compliance	✓ Consent management, audit log, data requests	Legal requirement for Indian societies
 TDS Tracking (Section 194C)	✓ Vendor TDS with PAN, certificate upload	Required for societies with vendor contracts
 Rules Engine	✓ Configurable business rules	More flexible than Housing360's hardcoded rules
 AGM & Governance	✓ Meeting minutes, board resolutions, proxies	Housing360 has no AGM module
 Official Letters	✓ Templated letters with PDF export	Housing360 has no letter generation
 Work Orders	✓ Linked to complaints and vendors	Housing360 work orders are less integrated
 Infrastructure Asset Management	✓ Lifts, CCTV, generators, AMC tracking	Housing360 has no asset registry
 Board Resolution Workflow	✓ Draft → approve → execute	Housing360 has no governance workflow
 Email Drafts + Bulk Send	✓ Templated bulk email	Housing360 relies on push notifications

21. Prioritised Implementation Backlog

Items ranked by resident impact × implementation feasibility. AI features excluded.

Priority 1 — High Impact, Low Complexity

#	Feature	Module	Effort
1.1	Expanded visitor type list (maid, driver, plumber, etc.)	Visitor Management	S
1.2	Visitor type filter in log	Visitor Management	S
1.3	Photo/video attachment on complaints	Complaints	S
